

NOVA HD

Giant Telescopic Umbrella

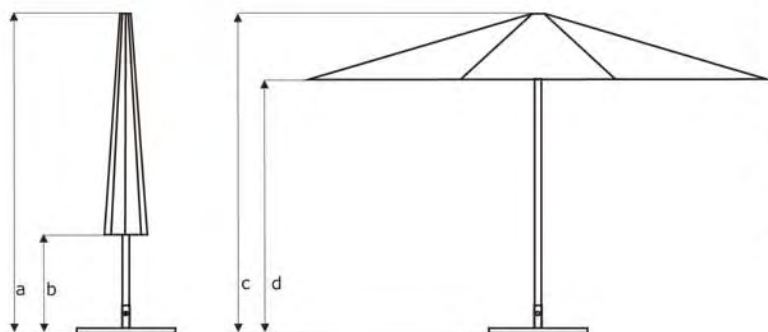

The H.D. stands for HEAVY DUTY...

...and heavy duty is what you get. This giant umbrella offers maximum shade protection for residential and commercial areas. The canopy arms are super-strong (50 x 25 x 2.2mm reinforced aluminium extrusion) and are connected to an impressive 90mm mast with no less than six internal reinforcing channels for extra strength. The Nova HD is quite simply the best non-permanent umbrella shade solution on the market today.

Features

- Maintenance-free, long-life winding handle system
- All materials are fully corrosion resistant
- Telescopic mechanism opens and closes easily above furniture
- Extremely sturdy and robust – wind rated to 80km/h
- Huge canopies provide maximum shade protection
- Water repellent canopy also offers rain protection
- Multiple umbrellas can be joined with removable gutter system
- Non-permanent installation – can be removed from mounting if required
