SHADE SAILS

The high quality, commercial Shade Sails. Custom made to size, designed to suit any area.

Creating new spaces and accentuating existing outdoor areas.

Each sail can be incorporated into the existing built form or installed to new steel supports.

Manufactured from premium shade cloth material available in 16 colours.

Dimensionally stable, flame retardant material with a high UV rating ensures a high strength product for all designs.

Option for high strength Ferarri 502 PVC available in an additional 40 colours .
