

STANTON

Folding Arm Awning

STANTON

The ultimate Folding Arm Awning for functionality, strength and affordability.

Available in an extensive range of sizes, colours and fabric, it's the perfect awning to complement any building.

Manual crank handle or remote control motor operation enables effortless operation to protect from the elements.

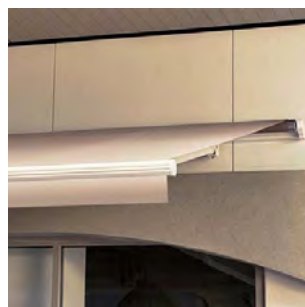

The Stanton is a stand out system that combines quality materials and proven technology.

When retracted back the fabric is protected against the elements by a colour matched aluminium hood (optional).

Custom made to size with die cast aluminium shoulders and stainless steel fittings.

Operated via high tension arms that neatly retract back to sit below the fabric when not in use.

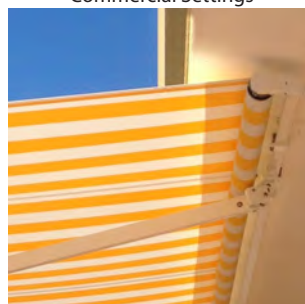

A tried and tested winner for retractable sun protection in Perth with both residential and commercial clients.

Suitable for Residential and Commercial Settings

Optional Front Valance and Branding

Easy Wall and Roof Mounting Options

Manual Crank Handle or Motor Options Available
